
Assigned and realized family properties
A Coherence control
Realized coherence
Target coherence
B PSD-shape-overlap control
Realized PSD-shape overlap
Designed PSD-shape overlap
C Input fluctuation ratio
Realized fluctuation SD ratio
Assigned fluctuation SD ratio
D Pathway gain ratio
Achieved pathway gain ratio
Assigned pathway gain ratio
E Balanced delay levels
Number of families
Assigned PETCO2 delay (s)
F Gain and output contribution
PETCO2 contribution share
Achieved pathway gain ratio
Fluctuation SD ratio
