
Overall complex error and model advantage by recording duration
A MAP normalized squared complex error
Normalized squared complex error
SISO mean
MISO mean
Duration (s)
B MAP complex-error model advantage
Model advantage: log10(SISO/MISO error)
Duration (s)
C PETCO2 normalized squared complex error
Normalized squared complex error
SISO mean
MISO mean
Duration (s)
D PETCO2 complex-error model advantage
Model advantage: log10(SISO/MISO error)
Duration (s)
